

## JEREMY WHITENECT

**OBJECTIVE** Motivated computer science student seeking to gain experience in software development with complement to studies. Eager to apply acquired skills as well as theoretical knowledge gained through schooling to practical projects in the workplace. Proficient in C, Java, JavaScript, HTML and CSS with a strong interest in learning and applying new languages, technologies, and methodologies. Looking for opportunities to grow and develop in the software engineering space.

- 
- SKILLS**
- Experienced in the programming languages C, Java, and JavaScript
  - Skilled in the markup language HTML and the stylesheet language CSS
  - Knowledge of relational database systems like MySQL
  - Ability to write clean, reusable code following best practices
  - Able to work with command-line interfaces
  - Understanding of basic concepts in object-oriented programming
  - Time management skills to prioritize and balance multiple tasks
  - Strong problem-solving skills

- 
- EDUCATION** **Nova Scotia Community College, Dartmouth, Nova Scotia**
- Diploma in IT Programming
- Expected graduation in 2025
- Ongoing Coursework:
- Professional Practice for IT
  - Programming in C
  - Client-Side Programming
  - Introduction to Systems Analysis and Design
  - Introduction to Object Oriented Programming
  - Operating Systems – Linux

---

**Dartmouth High School, Dartmouth, Nova Scotia**

Graduated in 2023

Relevant Coursework:

- Programming 12:
  - Covered fundamental programming concepts in Java
  - Went over basic object-oriented programming concepts
  - Completed projects including a text adventure game and blackjack
- AP Computer Science:
  - Covered programming concepts in Java in more depth
  - Gained experience with abstraction, algorithms, and data analysis
